Hi Sarah

Cowes Town Council's Planning & Licensing Committee considered this application for a Street Furniture Renewal Permit at their meeting on 26 July 2018 and agreed to make no comment on the application.

However please see attached photos which bear no resemblance to the photos supplied with the application form. Can you please inspect the area and let us have your comments as the deadline for responses to this application is looming.

I look forward to hearing from you.

Regards

Debbie
