ITEM	DESCRIPTION
A1	Report written by P.C. Bradley on 07/01/2017 listing 6 incidents of crime and disorder linked to the Kebab House over the previous 3 months.
A2	Edited summary of crime reference number 44160428216 – an assault with injury on customers on 24/07/2019
A3	Edited excerpts of occurrence enquiry log for crime reference number 44160428216 – assault on customers on 24/07/2019. Mention is made of CCTV showing Seyit Cal continuously kicking and lashing out at the aggrieved and lack of support with CCTV request.
A4	Edited copy of incident 44160438273, a report of assault by staff on a male around the side of the Kebab House on 23/12/2016.
A5	Edited excerpts of occurrence enquiry log for crime reference number 44160483273 – assault on customer on 23/12/2016. Report from P.C. 27109 Godley describes how staff account changed 3 times and it is his belief that staff assaulted a male who they caught urinating around the back of the premises. Ali CAL is shown as a suspect. Aggrieved confirms he was assaulted but did not wish to make a formal complaint or pursue the matter.
A6	Edited copy of PNB of P.C. 27109 Godley relating to RMS 44160483273 in which the injured customer confirms he was assaulted by staff at the Kebab Shop but declines to support a complaint and agrees to pay for damage he accidentally caused by banging on the shop window after he was assaulted.
A7	Edited copy of incident 44160484636 – an assault on customers by staff whereby they have exited the side of the premises, surprising customers around the front and chased them up the road in order to assault them.
A8	Edited OEL of crime reference number 44160484636. This contains information on the assault of 2 from a group 3 drunken males outside the front of the shop by Staff members. Staff members have run out the side of the building, surprising the males before fighting with them and chasing them up the road. Suspect identified as Ali Cal was said to have used a rolling pin in the assault on one of the two males. Ali Cal lied and made a false allegation of assault which was disproved by council CCTV review and the linked public order offence was not pursued due to lack of distress by any party.
A9	Edited CAD log relating to crime reference number 44160484636 providing commentary between control room, C.C.T.V. and police units. Direct commentary from C.C.T.V. that staff have run out and attacked the group of males and Ali Cal identified as having hit one of them around the head at least 3 times, possibly with a baseball bat or rolling pin.
A10	Report of P.C. 3007 Bradley following a licensing visit to the Kebab Shop on the 8 <sup>th</sup> January 2017. The premises were found to be in breach of 2 conditions of the licence, as well as having breached

	their opening hours. Issues raised from recent incidents were addressed and advice on how to reduce further incidents of crime and disorder was given. They were warned regarding their conduct and the way in which the premises was operated and advised that if this continued they would face more robust action.
A11	Report from P.S. 3823 Crosby dated 14/01/2017 that the premises was closed by 02:00 hrs.
A12	Report from P.C. 24142 Mears on 15/01/2017 that he and other officers had noted customers in the premises until 02:25 hours, despite the lights having initially been turned off and the closed sign put up at 02:00 hours when staff noted police outside.
A13	Report from licensing visit 16/01/2017 of P.C. Bradley in which the apparent breaches of their hours were discussed with Ali and Seyit Cal. The appearance the incident book gave cause to suspect it had recently been purchased and written, as opposed to it having been in use for some time which was what had been told to P.C. Bradley on the previous visit.
A14	Report from P.C. 24142 Mears on 04/02/2017 to say the shop was closed by 02:00 hours.
A15	Report from P.C. Allen on 12/03/2017 to state that the shop was still open and serving food at 02:00 hours but after seeing police parked down the road around 30 – 40 people were turned away and looked surprised by this action.
A16	Report from P.C. 3007 Bradley from 05/03/2017 noting persons present in the Kebab House just after 02:00, although he could not say that late night refreshment was being provided. However a member of staff with a mop was paying a great deal of attention to passing vehicles as if on look-out.
A17	Edited crime report reference number 44170100983 for an incident where a female provides an unsubstantiated report that she and her dog were kicked by staff at the Kebab House on 02/03/2017.
A18	Incident log relating to crime reference number 44170100983 (exhibit A17) where hostility and lack of co-operation to police by staff of the Kebab House is first noted.
A19	Edited crime report 44170419991 from 29/10/2017 relating to a drunk, racially abusive male in the shop who could not pay for his food.
A20	Edited occurrence enquiry log report from 44170419991. This provides details of the lack of co-operation from Ali Cal and staff at the Kebab House in assisting police with their enquiries once the drunk and racially abusive male had been arrested at their shop.
A21	Copy of email sent to P.C. 3007 Bradley by P.C. 21875 Buxton on 13 <sup>th</sup> November highlighting concerns about lack of support for police investigations by Ali Cal and observations indicating they were once again operating past their permitted hours.
A22	Edited copy of Call takers log for incident 44180015667 in which Seyit Cal states and incident is racially aggravated.
A23	Occurrence Enquiry Log from incident 44180015667 in which it is documented that Ali Cal admits staff add racial aspects of abuse to obtain a better service from the police.

A24	Edited occurrence enquiry log detailing lack of co-operation from Ali Cal and Ali Akoda regarding an allegation of racial abuse from customers on 04/12/2018. This includes denying access to police wishing to review C.C.T.V which is a breach of condition 4 of the premises licence.
A25	Statement of Ali Cal in relation to an allegation of racially aggravated assault on 03/01/2019.
A26	Edited call takers log for the incident on 03/01/2019 where the call taker hears a female saying to staff, "Look what you've done to his face".
A27	Occurrence enquiry log for incident of 03/01/2019 44190003585 and 44190004830 where officers note suspect state "They have come out and kicked me in the face they kept kicking me in the face". Swollen face and injuries also noted. Suspects account in interview recorded as being assaulted.
A28	Photograph of facial injuries received by the abusive male.
A29	BWV footage taken of shop C.C.T.V. regarding the incident which happened on 03/01/2019.
A30	Council C.C.T.V. footage of the incident which happened on 03/01/2019. Camera 204 shows the male making obscene gestures outside the shop. It then cuts away only to return to the male after he has been restrained on the pavement. Camera 216 records the moment the male is chased from the shop and shows at least 4 stamps/kicks being aimed at the male by shop staff, although the range is extreme and the figures can be seen only in silhouette.
A31	Call takers log for incident of 20/04/2019, 44190135702 in which it is reported that staff had been fighting with 2 customers. They had left on police arrival and no complaints were forthcoming.

RAG Review

### Report:

This venue has come to note on numerous occasions over the last 3 months. The below incidents and Rms occurrences they have caused are listed in chronological order.

44160408241 - 29/10 02:03 (Fri-Sat) - Assault/public order - Fight inside the shop which staff get in the middle of and manage to eject the protagonists. There was a build up to the fight which does not seem to have been picked up on by staff until too late.

44160417988 - 05/11 00:50 - 01:00 (Fri - Sat) - Off wpn - Male ran into shop stating he was being persued by another with a knife - Incident not confirmed and further action not supported.

44160428216 - 13/11 03:10 (Sat - Sun) - Assault - Group refused to leave. When manager remonstrates with them a fight breaks out between staff and customers. Minor injury caused to one customer. Internal CCTV viewed by officers and shows all staff using reasonable force to eject customers other than the PLH Seyer CAL who is described as kicking and punching out at the aggrieved continuously. No formal complaints received.

44160483273 & 44160483244 - 23/12 18:30 - 20:21 (Fri) - Assault and crim damage - Incident involving 3 males, one of whom states he was assaulted by staff around the back of the premises. This same male is alleged to have then gone around the front of the shop and smashed the front window. Staff spoken to and deny any assault taking place around the back of the shop, stating the male must have fallen over. It is likely that the males were caught urinating around the rear of the premises, a fight ensued in which one of them got injured and they then went around the front of the shop and cracked the front window before making off.

44160484636, 44160484667 & 44160484657 - 25/12 02:13 (Sat - Sun) - Assault, assault and racially aggravated public order - Incident involving 3 males one of whom was banging on the shop door making demands for food and a taxi. According to Ali Cal the brother of the PLH the male was abusive and insulting staff and islam. 2 staff members are then seen running out of the alley to the side of the premises and assaulting the males. There is mention that one of the staff members had a rolling pin. This assault and pursuit was clearly seen by council cctv operator on playback. Agg received cut to back of head, bridge of nose and his teeth were sore. Another member of the group was grabbed around the throat. All parties declined to pursue the matter and there were no complaints or further investigation.

44160489697 - 30/12 01:55 (Fri) - Damage - Male in group of 3 seen walking past closed venue kicked out at shop window cracking it. Windows had steamed up so internal cctv could not be used to identify suspect.

The score generated by these incidents is 5 and as a small takeaway this places the premises on amber. I feel that due to some disturbing elements of the above incidents this venue would justify the grading and some input from the licensing dept. I have identified areas of concern from these occurrences and will list them on a separate w/s which will document a licensing visit I have already conducted. I do not necessarily think this venue will continue to feature in the quarterly RAG reviews as some guidance and a reminder of their responsibilities under the act may be all that will be required, however I think some input and close monitoring over the next 3 months will be necessary so that a move to more formal action is justified if incidents continue and co-operation is not

## WHAT HAS HAPPENED?

CCTV from inside the Kebab Shop shows the group including the aggrieved had been approached by the manager a few times. The manager is ushering for the group to leave which was the catalyst for the entire incident.

It is clear from the CCTV that the aggrieved approached the counter and had some sort of verbal argument with staff resulting in the manager walking over to the front door and turning the 'open' sign to 'closed'. This has caused the group and the staff to engage in a physical altercation, as staff appear to be trying to eject the group from the Kebab shop but one member of staff (Seyet CAL) clearly oversteps the mark of lawful force and continuously kicks out and punches at the aggrieved.

During the altercation one of the females from the group gets knocked to the ground but this does appear to be lawful force to remove her.

The agg'd has a minor abrasion to his left shoulder which he declined to have photographed. He has stated at first that he would not provide any evidence to Police but then stated that he will provide a statement of complaint but not at the time as he was drunk, tired, angry and just wanted to go to sleep. He was advised that officers would call him later in the day to arrange this statement.

There are several independent witnesses whose details have been recorded on the RMS -

INVESTIGATION OIC FINAL WORKING SHEET

Concise summary of the investigation, or location of summary of evidence.

CCTV from inside the Kebab Shop shows the group including the aggrieved had been approached by the manager a few times. The manager is ushering for the group to leave which was the catalyst for the entire incident. It is clear from the CCTV that the aggrieved approached the counter and had some sort of verbal argument with staff resulting in the manager walking over to the front door and turning the 'open' sign to 'closed'. This has caused the group and the staff to engage in a physical altercation, as staff appear to be trying to eject the group from the Kebab shop but one member of staff (Seyet CAL) clearly oversteps the mark of lawful force and continuously kicks out and punches at the aggrieved.

During the altercation one of the females from the group gets knocked to the ground but this does appear to be lawful force to remove her. The agg'd has a minor abrasion to his left shoulder which he declined to have photographed. He has stated at first that he would not provide any evidence to Police but then stated that he will provide a statement of complaint but not at the time as he was drunk, tired, angry and just wanted to go to sleep.

Police have since contacted the Agg'd who refused to give formal evidence - the other witnesses are also now not giving evidence or not responding to Police attempts at contact.

The Kebab shop cannot provide the CCTV unless a USB stick is provided but with the minimal injury and no support from Victim, also that fact this an incident where a person has been using lawful force to remove the agg'd but in the opinion of Police officers overstepped the line with regards the level of force used there is no public interest in pursuing this further - however will make Licensing aware of the incident.

Have any historic unreported crimes been detailed by the victim throughout the course of this investigation? No- If so where have they been separately recorded?

**WHAT HAS HAPPENED?**

**Offence:** ABH

**Date:** 23/12/2016

**Location:** THE KEBAB HOUSE, 5 HIGH STREET, RYDE

**Aggrieved:** [REDACTED]

**Suspect:** Ali CAL (d.o.b 01/01/1985)

Infnt called police asking for assistance at the Kebab house, Ryde, On arrival staff stated that 3 males had been banging on the window and that one of the males with a bald head and blood on his face had smashed the window, after a short area search the 3 males were located, the male with the bald head was [REDACTED]

[REDACTED] and the 2 males with him stated that [REDACTED] was around the back of the Kebab house and the staff came out and attacked him causing a cut above his left eye, the 3 males which included his son [REDACTED] then went around to the front of the Kebab house and began banging on the window then walked off. [REDACTED] did not say that he smashed the window.

Details were taken from [REDACTED] and his 2 associates, he was then allowed to go home and was told officers would be in touch.

On returning to The Kebab house CAL was spoken to, his version of events changed several times. He confirmed that the males were in the kebab house, and that there were no injuries to anyone at that point, he said that they were very drunk, they were saying "were is my food" and "order me a taxi", at no point were the males racist, this was confirmed by CAL. The males then left the shop and the staff heard banging at the back door, initially CAL said he went down alone and saw one male banging on the door and another male urinating on the wall, he said he just locked the door, his colleague then confirmed that he went down as well and said that the male must have fallen over and banged his head, eventually CAL confirmed that there were 3 staff members that went out the back, however he denied that anything had happened.

CAL said they then went back inside and the males came to the front, and one of the male was shouting "What did you do to my dad" and male with the bald head was banging on the window, after the males walked off he was informed by a customer that the window had been:

cracked.

There is a definite Criminal damage which will be dealt with tomorrow by myself, CAL wishes to provide a statement, and there is a witness who saw the male smash the window. [REDACTED] needs to be spoken to in relation to this damage. He also needs to be spoken to in relation to the ABH and whether he wishes to pursue a complaint. A separate occurrence has been created to record the criminal damage and linked to this occurrence

From speaking to both groups, and based on the accounts and how CAL changed his version of events numerous times I believe it is highly likely [REDACTED] has been assaulted around the back of the Kebab House and has then gone on to crack their window. At no point has anyone disclosed that this is a racist incident or hate crime of any kind.

INVESTIGATION

Concise summary of the investigation, or location of summary of evidence.

Report of Assaults/RA Public Order that took place that took place at The Kebab House, 5 High Street, Ryde IOW.

CAD Reads;

This incident has 3 aggrieved party as follows:-

██████████ who states that he was assaulted with rolling pin or similar by a male from the Kebab House wearing a green jacket. He has ABH injuries including a cut on the bridge of his nose, painful teeth and a cut to the back of his head. He stated that he went to the Kebab House with friends, his friend went in but he was refused (poss due to a previous incident), he was then verbally abusive towards staff and guesturing. The male in the green jacket then came out into the street with to others and green jacket assaulted him with the rolling pin. He did not want to support prosecution and was take to A&E for treatment by police as no ambulance was available, he was intoxicated.

██████████ (friend of ██████████) stated that during the incident he was grabbed around the throat by one of the males from the shop. He was not sure on who it was. He stated that he does want to make a formal allegation of assault (common). He has been told that this will be recorded and followed up at a later time. There was no visible injury. He was also intoxicated but stated that he had not drunk much.

Ali CAL (Kebab House Manager) stated that he had closed the shop, ██████████ banged on the door wanting food but was told they were closed which he didn't accept and kept coming back. He said ██████████ made comments about the food and also Islam. It was not totally clear how but he has ended up outside and was assaulted by ██████████. He stated that he was assaulted up the road prior to then returning to the shop but was very vague about details and could not explain how he then ended up back at the shop. He was more concerned if the other person was making a complaint. He did not want to make a formal allegation.

CCTV did a playback – They can see ██████████ outside talking at the door with staff when two males, green jacket (Ali CAL) and another wearing a red t-shirt have come out of the alleyway next to the shop and started a fight. ██████████ then ran up the road out of sight chased by the two males.

CCTV incident number is 12128.

This will be recorded as

ABH assault on ██████████ by Ali CAL – No complaint

RA S5 POA by ██████████ – No complaint

COMON ASSAULT on ██████████ by an unknown male at this time - To be followed up on

days.

No assault recorded for an assault on Ali CAL as we have AVI in the form of CCTV's playback that shows CAL chasing [REDACTED] up the road where his assault took place.

The CAD reads;

INFT REPORTING THAT EMPLOYEES AT THE KEBAB HOUSE AND THEY CAME FROM BEHIND THE COUNTER AND ATTACKED HIS MATES INFT IS STOOD WITH THEM AND THEY HAVE BASEBALL BATS

Police attended the Kebab Shop to find that following verbal abuse staff at the kebab shop refused to serve a group of males. It is alleged that kebab shop staff assaulted two of the males and a counter allegation of assault was made by one of the kebab shop staff.

It is alleged that [REDACTED] has shouted out comments about Islam outside the Kebab Shop. No one member of staff has complained of being caused HAD and as such this is classified Racially Aggravated SS POA. No one was willing to provide statements about his allegation and as such there is insufficient evidence to pursue this matter any further. It is recorded on RMS 44160484657.

[REDACTED] alleges that he is then assaulted by a member of staff from the Kebab Shop with a rolling pin. He has refused to provide a statement and does not support any police action however, he did attend hospital for his injuries to be checked out. This is recorded on RMS 44160484636.

[REDACTED] alleges that he was grabbed round the throat by an unknown person. He also refused to provide a statement and does not support any police action. This is recorded on RMS 44160484667.

CAL is a member of staff at the Kebab Shop. He states the group were refused service due to comments made about the food and Islam

and also due to it being close to closing time. He is vague as to how he ended up outside the shop but, states he was then assaulted. There is AVI that has negated this counter allegation as CCTV shows that CAL was not assaulted despite his claim he was. It is understood CAL is the member of staff who assaulted [REDACTED] with the rolling pin. Due to AVI no assault has been recorded for CAL.

Insp Clawson has reviewed this investigation and advised that Licensing are to be notified of this incident and enquiries made as to whether the Kebab Shop have recorded the incident in their log book. This LOE has been tasked to the Licensing Team via RMS by PC Clapp.

Due to lack of complaints forthcoming there is no further requirement for an R&P investigation and this will be filed once Licensing have completed and documented their LOE.

### Remarks:

Licensing visit

### Report:

Attended the premises this evening and spoke to Ali Cal who is the joint owner of the premises with his brother Seyet Cal (premises licence holder).

I went through the annex 2 conditions on the licence and noted that they are in breach of conditions 6 and 9 which relate to having an incident book on premises and displaying a sign by the exit for customers to leave quietly. The excuses were that the incident book was in his car at home and the sign had only just been stolen and they were looking to get a new one made up. I advised Ali that regardless of excuse these were clear breaches and to get the book and sign sorted A.S.A.P.

A couple of the conditions are fairly unenforceable such as condition 1 which states no intoxicated people are permitted on the premises. This is not a proportionate or reasonable condition in my view whilst prohibition of people who are to some degree intoxicated is permitted in all the other licensed premises in Ryde. Conditions 7 and 8 are also fairly non-specific and I doubt if they could be enforced.

I then explained that the incidents of the last 3 months gave me cause for concern about how the premises was being run and I went through each occurrence with him and pointed out those concerns.

I have listed these incidents in the previous w/s and provided a summary for my supervisor. I will therefore simply list the RMS here and mention the concerns and measures I think would have addressed these concerns.

44160408241 - A fight at 0203 hrs where a build up should have been noticed and preventative action taken. This could have been done by employing and SIA

44160417988 - off wpn - An SIA would have prevented the male running in with the knife.

44160428216 - assault - On viewing cctv footage police stated the conduct of the premises licence holder left a lot to be desired. He continuously kicked and punched at one of the males in the group causing problems in the shop. It was seen as in excess of reasonable force by the officers. Again SIA would have helped prevent this incident or resolve it in a more professional manner. I also pointed out that the call came in at 03:10 hours. They should have been closed at 02:00. Ali assured me that this ad hoc extension was an oversight on their part because they had been so busy. I left him in no doubt that he had been warned and any further reports of opening after hours would not be dealt with so leniently. I further advised him for the avoidance of later doubt that he should not be taking orders which are likely not to be completed after last time for late night refreshment.

44160483273 & 44160483244 assault/public order - I informed Ali that although I could not prove it it seemed likely to me that the male who had been urinating outside the back of the premises did not get his injuries by falling over and his initial account of being beaten up would fit more comfortably with the facts. I explained that I was again concerned about the use of violence to resolve issues and although I could not prove this is what happened there were strong indications it was the case. This is another example of where an SIA could have provided a better resolution.

44160484636, 44160484667 & 44160484657 - assault - I again expressed my concerns that violence had been used on customers. I pointed out to Ali that on this occasion he was seen along with his staff assaulting a member of the public and chasing him up the road. There was also mention of a rolling pin having been used. No matter what the provocation was, there was no excuse for this reaction and the police should have been called if this male needed to be moved on or dealt with regarding his conduct. This would have again been better handled by SIA.

44160489697 - damage - CCTV inside the premises was obscured by the windows being fogged up. An outside camera would have ensured the offender was captured in detail.

I made Ali aware that it was my intention at this stage to point out potential issues and offer advice as to how to resolve them. Should he decide not to take my advice or undertake measures of his own to reduce the incidents of crime and disorder at the premises I would then look to take a more formal approach and if necessary an enforcement approach. It was therefore up to him at this stage what he wished to do to resolve matters but I would expect an update in due course. I provided him with full contact details.

I suggested he and his brother consider employing SIA on the door at busy/high risk times. If they are not going to do this now then to think about when they might need to do this such as back holidays or in the summer months. They could also look to getting one of them trained as a door supervisor if that was more cost effective. I advised him to call the police and not be concerned this would go against them. I assured him that I would sooner he call us than chase someone up the street with a rolling pin. I also advised him not to let this happen again as it could have severe consequences on the licence. I told him to get his incident book sorted out and make sure it is filled in as this can provide them with evidence of their due diligence They should also consider putting a camera outside to cover the front of the premises.

At this stage I am happy to leave it to Ali and Seyet to come up with ideas for measures that will cut the incidents of crime and disorder at the premises. I left Ali under no illusion that it would be far better and probably cheaper for them to do this voluntarily at this stage because if things did not improve, the formal action i would take could may well result in a committee imposing harsh and expensive conditions as well as drawing back their hours.

All in all Ali's attitude seemed positive. I have requested this venue be upgraded to an Amber so that I can pay close attention to it for at least the next couple of months.

**Report:**Monitored RKH tonight, Sat / Sun 14/15<sup>th</sup> January 2017

PC 21093 Taylor and PC 26061 Collins were outside the shop at 01.55. At 02.00 the lights were turned off and the closed sign was displayed. Staff then started cleaning. Police drove away at 02.05

At 02.17 when PC 24142 Mears and PC 23511 Burfitt drove past there were approx. 15 customers in the shop and food was still being served. We stopped outside and saw a package of food about to be passed which was then put back behind the counter on seeing us. There were also people inside eating from cartons

At 02.25 there were 3 or 4 people at the counter who appeared to be waiting for their order as a cold drink would not require a wait. There were also still people inside eating

At 02.25 there were no customers and a member of staff was at the door.

LICENSING VISIT

**Report:**

Attended the premises tonight following a report submitted by P.C. Mears re possible late opening on 15<sup>th</sup> Jan. Spoke to Ali Cal the brother of the premises licence holder and asked to see his cctv from that night.

At 02:00 hours as timed by the cctv 2 people can be seen to walk into the premises and wait for food. At 02:04 hours these 2 people leave with food, the lights of the premises are turned out and the closed sign is displayed. Ali can then be seen mopping the floor. At 02:07 other customers are seen to enter the premises and at 02:11 the lights are turned on. More customers enter the premises over the next 15-20 minutes and are served what appears to be hot food. I did not have access to a USB hence I have documented what I saw here and this corroborates what the police officers noted.

Ali stated that the first 2 people were friends and that one of them used to work at the premises. He stated that he had effectively closed the shop but the other customers came in unexpectedly. I advised him that by serving them hot food he was committing an offence and was in clear breach of his licence. I explained to him that the fines for such offences could far outweigh any financial benefits he may have received by selling food which would have totalled at most a couple of hundred pounds. He stated that the majority of those customers simply wanted cheesy chips so if the financial benefits would have probably only have been about £25.

His brother Seyet, the P.L.H. joined us and I made it clear to them both that offences had taken place and if this were to happen again some type of formal action would be taken. They had already been warned about their opening hours during my last visit and for them to blatantly ignore that warning so soon after it was given implied they did not take it seriously. Moreover, having turned out the lights to indicate they were closed and to have been seen by officers to go to give a person a package of food and then take it back when they realised they were being watched implied an element of dishonesty.

Ali asked whether it would be possible to increase their opening hours so as to be able to capture more of the pub trade. I explained to him that any attempt to do so would be opposed by police licensing based on the incidents they have had and the fact that they had just been caught out breaching their licence. Ali further attempted to minimise the seriousness of some of the incidents and I had to remind him that whilst a couple of them could clearly not be seen as the fault of the premises, the rest threw serious doubt on their ability to uphold the licensing objectives and in light of what we had just seen I could not believe we were holding this conversation.

Seyet brought up the issue of providing food to those who had placed their orders before closing time and seemed to be convinced this was o.k. to do. For the avoidance of any doubt I have explained to both Seyet and Ali that they can only provide hot food and drink to customers within their specified hours. I explained this at some length and they assured me they understood this.

A sign asking customers to leave quietly is now displayed and I was shown their incident book. Of note, this incident book is brand new and unblemished. The entries made appear to be in the same hand and pen and the number of blank pages between each entry match the number of days between incidents. In short, this incident book was created very recently and we can therefore assume they have been running without one for some time.

When explaining to Ali that ultimately he is in control of who comes into his shop and when I informed him that if any potential customers don't like this and start causing trouble they should call the police. He expressed the view that this would simply add to the number of incidents recorded against the premises. I assured him that on the

**Hist - RESTRICTED**

contrary, it would provide evidence that he is trying to uphold the objectives, however I have doubts that he truly believes this.

I am therefore concerned that there may be attempts to deal with incidents in house and there is the potential for under reporting. I am also concerned about the integrity and honesty of Ali in his dealings with me. These concerns are evidenced by recently completed incident book (and his previous assurances this book was in his car) and the clear attempts to hide the service of food to officers as documented by P.C. Mears.

I have made no secret to Ali and Seyet that I have asked officers to pay an interest in the premises. I informed them that if my warnings are not heeded then formal action will be taken and this will be as a result of their own actions.

I believe further taskings for officers to monitor this premises are warranted and I will make council licensing fully aware of my dealings with this premises so far.

Licensing visit

**Report:**

On 05/03 At approximately 01:45 hrs I conducted patrols around Ryde during the NTE period. I noted in passing that the Kebab shop did have persons within the premises after 02:00 hrs. I cannot say whether they were being served with food but a male with a mop who was apparently cleaning the floor was paying a great deal of attention to vehicles driving past and just when I thought the business had closed I would drive past and see different people within the premises. This did not take place much after 02:00 hrs and I would not be able to prove that the premises was operating outside its licence. However I have suspicions that the staff may be pushing the boundaries, albeit this has not yet resulted in an increase of crime and disorder within the premises.

**WHAT HAS HAPPENED?**

This was a report from staff at the Kebab House on Ryde High street that an male was being abusive and threatening towards the staff. On police arrival [REDACTED] was outside the premises being very aggressive towards the staff and the customers in the shop. He was immediately walked away from the door and then started to complain that one of the staff was a PEDO. From speaking to the staff in the shop they stated that he came in got his chicken but did not have enough to pay for it but he took it anyway. when the staff started to challenge him he became abusive towards them calling them TERRORISTS and THEY SHOULD [REDACTED] OFF BACK TO THEIR OWN COUNTRY. We was escorted off the site and police were called. Due to what had been said and the continued behaviour of [REDACTED] towards the staff and what he was saying to officers he was arrested for Sec 4 public order. He was handcuffed and transported to custody. There was no complaints of any assault at the scene and no persons had any injuries.

When asked to attend for a statement the aggrieved stated he was too busy at work. When we attended later on to confirm their attendance at 0300 they stated that they were tired and did not want to make a statement as it was a waste of time. they were advised that they made the complaint and he was arrested on their word and now they were not supporting police. .

Hi

Can you confirm that the KEBAH shop on the High Street, in Ryde is not allowed to sell food after 02.00hrs. On Saturday this week, when I drove passed at 02.20 there were about 5 people just waiting outside the door. Although he had the closed sign on I got the impression that he was still supplying food. This was confirmed when I stopped 4 people just 30 feet away from the shop for had just purchased food from there.

We have had some issues with them recently in that they called police due to an incident. We arrested the male concerned, but Ali Cal would not then give a statement saying he would lose too much business, that that we were to come back once they had closed. We went back, to get the statement he then said he was too tired. The following day officers went back to try again, but he still won't give a statement saying he had realised the man had been arrested and that he just wanted him out of the shop. When asked about the things he had told us the man had said he said he couldn't remember.

WHAT HAS HAPPENED?

This relates to a racially aggravated public order incident at The Kebab House, 5 High Street, Ryde on the 4th of December 2018 between 2100hrs and 2105hrs.

[redacted] works at the Kebab House along with a male called Ali AKODA. On 04/12/18 at 2100hrs a female called [redacted] and a male friend came to the shop to collect some money from [redacted]. They argued loudly about the money at which point Ali asked [redacted] and her friend to keep the noise down.

The male friend has been abusive towards Ali telling him to stay out of it. He has made comments towards Ali that included "[redacted] MUSLIM PEOPLE", "[redacted] KEBAB MAN" and "[redacted] TURKISH MAN".

[redacted] called the police as [redacted] was still arguing about the money she was owed at which point they left.

Police attended and [redacted] had already gone home. They did not have a contact number to hand for her. The one on RMS doesn't connect.

Ali explained what had happened as above and confirmed he was willing to give a statement and attend court to give evidence.

At that point he and his manager were the only 2 people working. I asked Ali to provide me a statement there and then to which he agreed however his boss wouldn't let him saying they had too many orders to complete.

I then asked to view their CCTV and again the manager said I couldn't as they were too busy.

The aggrieved Ali was more than willing to cooperate however his manager was obstructive.

Ali and his manager have said that Ali is only available for an MG11 tomorrow (Wednesday, 05/12/18) between 1200hrs and 1600hrs. He will be at the Kebab shop as he lives above it.

They have said the CCTV can be viewed at that point and that the officer attending will need to bring a USB stick or record it on BWV.

AD356 risk assessment completed on RMS.

Discussed with APS BROWN in relation to assistance being required by someone to take the statement tomorrow.

OIC FINAL WORKING SHEET

INVESTIGATION

Concise summary of the investigation, or location of summary of evidence.

This relates to a racially aggravated public order incident at The Kebab House, 5 High Street, Ryde on the 4th of December 2018 between 2100hrs and 2105hrs.

[REDACTED] works at the Kebab House along with a male called Ali AKODA. On 04/12/18 at 2100hrs a female called [REDACTED] and a male friend came to the shop to collect some money from [REDACTED]. They argued loudly about the money at which point Ali asked [REDACTED] and her friend to keep the noise down.

The male friend has been abusive towards Ali telling him to stay out of it. He has made comments towards Ali that included "[REDACTED] MUSLIM PEOPLE", "[REDACTED] KEBAB MAN" and "[REDACTED] TURKISH MAN". [REDACTED] called the police as [REDACTED] was still arguing about the money she was owed at which point they left. Police attended and Jasmine had already gone home. They did not have a contact number to hand for her. The one on RMS doesn't connect.

Ali explained what had happened as above and confirmed he was willing to give a statement and attend court to give evidence. At that point he and his manager were the only 2 people working. I asked Ali to provide me a statement there and then to which he agreed however his boss wouldn't let him saying they had too many orders to complete. I then asked to view their CCTV and again the manager said I couldn't as they were too busy.

Occurrence handed over to NPT - I have attended the Ryde Kebab House and spoken with the owner Ali CAL. CAL was on his own at the shop cooking and serving. CAL stated that AKODA was out and would not be back till around 2200. CAL stated that he did not know what AKODA wished to do about the matter. CAL stated due to work taking priority Monday would be the best time to speak with AKODA.

I explained I was going to leave my card with the reference number on and asked if CAL could get AKODA to call 101 and inform us if he supports any police action. CAL did not seem overly interested and continued to Cook and carry on with his work then assist my investigation.

It appears from the way staff have acted in this investigation to date, once they have had the initial police response they are now not interested - however if when speaking to the aggrieved AKODA this changes I will investigate appropriately.

Await update from AKODA/CAL with how they wish to proceed.

18/12/18 - Having heard nothing from the victim - The Ryde Kebab House was re visited by PC 23930 Pearson. Ali AKODA was present and he confirmed that he did not support police investigation (view CCTV etc) and did not wish to provide a statement.

From the start the Investigation has been hindered by the Staff of Ryde Kebab shop - When police arrive [REDACTED] the apparent witness has walked off and staff state they do not have a number for her (as she is an employee of theirs I find this hard to believe). The manager ALI CAL does not allow AKODA to give a statement at the time or view the CCTV.

On 6/12 the store is re attended - Ali CAL is present and is not interested in supporting police investigation (Documented above). Police have made reasonable repeat enquires to progress this Investigation but due to lack of cooperation from victim and employer enquires can not be

RESTRICTED (when complete)

Age (If Under 18): Over 18

Occupation: Food &amp; Drink Industry

1 I am the above named person and live at the address given to police.

I am making this statement regarding an incident that has occurred at my place of work, The Kebab House, High Street, Ryde.

5 I will refer to the following people although i do not know their names.

10 GREEN COAT he is the male that is responsible for assaulting me and being verbally abusive. GIRLFRIEND this is the female that was with GREEN COAT and identified herself as his girlfriend. HAT, this is a witness that was in the shop at the time.

On Wednesday 3rd January 2019, i was at work, with my colleagues in The Kebab house, we were behind the counter at the time preparing food.

15 Around 21:00 GREEN COAT and GIRLFRIEND entered the shop and she ordered some food. GREEN COAT did not order anything but he was immediately verbally abusive towards me saying '██████ OFF.' He also called me a '██████.' This was soon followed with him saying: 'GO BACK TO TURKEY. YOU ██████ TURKS, YOU PAKIS.' I told my staff to just ignore him. He went outside and then came back in with a large bottle of beer and i told him that he could not have this inside as we do not have a licence. He went outside and stood

20 on the door step, and began sticking his fingers up at me and was saying: 'STICK THIS IN YOUR MUM.' His girlfriend did not say anything to him. My staff and i were just preparing their food as quick as we can and were not going to say anything to him. HAT was stood at the counter and witnessed this. I then asked him why did he say that to us. I have come round from the counter and asked

25 him this again, at which point he has poured beer onto the floor. GREEN COAT has then lifted the bottle up and i thought that he was going to hit me with it. I told him i was calling the police and he is shouting at me: 'GO ON CALL THE POLICE. ██████ CALL THE POLICE.' I grabbed hold of the glass bottle through fear that he would attack me, and he then punched me instead. This has resulted in him then punching me to my left eye.

30 This happened on the door step but just inside the premises, he was continuously swearing at me, and being abusive saying things such as 'IM GUNA ██████ YOU UP, AND YOUR MUM.'

35 I then took hold of the male by his arms and went outside to defend myself and so he could not attack me with the bottle. When i got him outside, myself and my staff restrained the

male on the floor until the police arrived.

GREEN COAT is a white male, wearing a green coat, he is around 175cm, of medium build and in his early 30s. He has ginger short hair. I noticed a scar on his nose. As well as the  
40 green coat he was wearing trainers which were black and i think jeans.

GIRLFRIEND is a white female with dark hair of slim build, aged around 30 - 35 years old.

As a result of the incident i have pain around my left eye and it feels bruised and was a  
45 little red at the time.

I feel sad by what has happened here tonight. I feel sorry that the male finds it appropriate to use this sort of language towards me.

50 The incident lasted around 20 minutes. I do not recognise him as being a regular customer.

This statement is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated in it anything which I know to be false, or do not believe to be true

2019-01-03 20:59:03: FURTHER CALL FROM [REDACTED] ADVISED HE IS JUST A PASSER BY, NOT SURE WHAT HAS HAPPENED BUT STAFF FROM THE KEBAB SHOP ARE CURRENTLY TRYING TO HOLD DOWN AND RESTRAIN A VERY

AGGRESSIVE MALE HE IS JUST A BYSTANDER AND NOT INVOLVED , HE CAME OUT  
OF THE PUB TO SEE WHAT WAS HAPPENING

---

vessel of beer and at this point the staff shouted at him "Get out you can't have that I here we don't have a fucking licence" she stated that due to his intoxicated state he shouted "F off you Turkish pricks" she then stated that the three staff members ran out of the shop and kicked [REDACTED] to the ground, this only stopped just prior to Police arriving.

PC Potheary is obtaining CCTV and a statement from the kebab shop.

A request for council CCTV is being submitted.

PCSO KING is visiting the shops opposite the Kebab house tomorrow afternoon to view and obtain the CCTV from there also.

Licensing are being informed in relation to this incident to review the RMS.

Due to [REDACTED] injuries and his state of intoxication it was not prudent to take him through to custody as his welfare was more of a priority and he would not be fit to detain or interview.

However a voluntary interview has been arranged for tomorrow evening at 19:00hrs at Ryde Police station with myself and PC Fairweather, he has refused a solicitor but that will be re-offered tomorrow.

Serendepidy Jewellers - CCTV checked and does not cover the incident.  
Lancasters estate Agent checked - CCTV proves negative, very limited coverage of front door only of Lancasters.  
Newspaper Shop - No CCTV - Owner lives above the store and did not hear the incident.

7 Enquiry log 04/01/2019 21:40 #23930 PEARSON, No T1900015825 Init rpt

Log entry: The suspect [REDACTED] for the hate crime has been interviewed, he claims he was called a "Ginger Prick" so he said to kebab staff  
"How would you like it if I called you a Turkish Prick"  
He was then ejected from the premises, he came back in and pushed the owner, which he has fully admitted  
He denies being racist and his comment was a reaction to the comment made to him

However what is of concern is that when [REDACTED] tells his partner to leave and not pay for the ordered food and leave staff go for  
him and take him to the ground and this is when [REDACTED] claims he was assaulted

the CCTV has been viewed in relation to this, the footage from camera 216 supports this and supports [REDACTED] injuries.

[REDACTED] has fully accepted what he said and did, however Kebab staff have held [REDACTED] down and kicked him and stamped  
on him to the face which is supported by the footage, this in my opinion is not lawfully ejecting someone from their premises or using  
reasonable force to do so and we will be looking into speaking to the staff members next week.
