Hi Shirley,

In my view as the review details public safety and the information contained in the report whilst detailing later hours as typical times it cannot be ruled out this behaviour would not occur at earlier times. I apply the rule of children to those under the age of 18yrs and therefore would be in support of the full review and possible revoking of the license with regard to ensuring children's safety if accessing the premises.

Kind regards

Amanda

LICENSING ACT 2003  
NOTIFICATION OF APPLICATIONS RECEIVED

Environmental Health has not received any reports of incidents in relation to noise nuisance or public safety over this premises which it would be required to investigate.

**Comments:** Our routine visits with regards to food safety have found the standards to be good. There have been no matters of evident concern in relation to health and safety identified by officers during those visits.

The Health and Safety Executive has produced guidance and tool kits specifically for licenced and retail premises to help them manage work related violence - <http://www.hse.gov.uk/violence/toolkit/index.htm>

This guidance has been available for over 10 years. It provides advise on both preventing situations arising, diffusing situations and dealing with them should they escalate.

Whether or not the Licensing Committee decide to revoke this Premises Late Night refreshment Licence, Environmental Health recommends Mr Seyit Cal follows

this guidance.
