

APPENDIX 2

Summary of Consultation Response

- 379 responses to the Survey monkey
- 1 written response from Newport Town Council
- 1 written response from Newport Isle Of Wight Councillors
- The majority of the respondents didn't live in a current RPZ
- The majority of respondents had at least 2 cars per household
- 88% of respondents understood the scoring system in the policy and 67% agreed with the policy.
- 56% of people thought we should limit the number of permits to 2 per household with 31% feeling we should restrict this to 1 vehicle
- Most people felt that we should offer the permits for free or for under £50
- 75% of people felt that no more than 50% of people should have a parking space available/garage for a scheme to proceed.
- Respondents were concerned regarding the number of Civic enforcement Officers on duty to enforce these Zones.
- Many commented on the days of the week and the times that such Zones may be applicable in different circumstances.
- Some comments around the issue of business permits being removed in residential zones.
