

Committee report

Committee	FULL COUNCIL
Date	15 MARCH 2017
Title	PENSION FUND POOLING – INTER AUTHORITY AGREEMENT
Report of	DIRECTOR OF FINANCE

EXECUTIVE SUMMARY

1. To update Members on the current position concerning the ACCESS Pension Pool and to seek approval from Members to setting up a joint committee with the ACCESS Authorities, the delegation of functions to the joint committee and to delegate to the Director of Finance the authority to finalise arrangements for setting up the ACCESS Pension Fund Pool.
2. The Isle of Wight Council is the Administering Authority for the Isle of Wight Pension Fund. This includes the management of over £400m of funds that are invested to pay the current and future pensions of over 14,000 members of the Local Government Pension Scheme (LGPS). As the administering authority the Council has fiduciary and public law duties to manage the fund in the best interests of scheme members and scheme employers.
3. In the summer 2015 budget the Chancellor announced the Government's intention to invite Administering Authorities to make proposals for pooling LGPS investments. Following the Autumn Statement on 25 November 2015 the Department for Communities and Local Government (DCLG) published its criteria for pooling investments focusing on 4 elements:
 - (i) Scale – it is the Government's desire that pools of assets are created with at least £25bn of assets per pool.
 - (ii) Strong Governance – authorities are charged with defining the mechanisms by which they can hold the pool to account.
 - (iii) Reduced costs – including estimated savings over the next 15 years.
 - (iv) Improved capacity to invest in infrastructure through pooling.
4. Subsequently the Government published revised LGPS Management and Investment of Funds Regulations that came into force on 1 November 2016. The Regulations include the power for the Secretary of State to direct a fund to change its investment strategy or direct that a fund's investment function is

undertaken by another organisation if the Secretary of State determines that a fund is failing to act in accordance with guidance issued, including the guidance to pool investments according to the criteria above.

BACKGROUND

5. The Pension Fund Committee has previously agreed that the Isle of Wight Council join the ACCESS pool, which made a submission to the Government for pooling in July 2016. The Isle of Wight Council has already signed a Memorandum of Understanding (MoU) with the 10 other authorities in the pool to underpin the initial work of establishing the group and developing detailed proposals for investment pooling. ACCESS contains the following other Local Government Pension funds:

Cambridgeshire	Kent
East Sussex	Norfolk
Essex	Northamptonshire
Hertfordshire	Suffolk
Hampshire	West Sussex

6. ACCESS's July 2016 submission to Government was based on pooling investments via a Collective Investment Vehicle (CIV) that would be administered and maintained by a third party Operator, which it was believed at that time to be the Government's preferred means of investment pooling. Following communications to the Secretary of State for Communities and Local Government in September 2016 all of the ACCESS funds agreed that the Government's pooling criteria could be met without the cost and complexity of a CIV Operator, through Collaborative Joint Procurement. In this way, greater savings could be achieved. ACCESS therefore put forward an amendment to its July 2016 submission in December 2016 to base the pool on Collaborative Joint Procurement instead of a CIV Operator.
7. The Minister has by a letter dated 27 January 2017 indicated that ACCESS should form its pool based on a CIV Operator rather than through Collaborative Joint Procurement. However, the rationale for this, given the additional costs associated with the CIV Operator approach is unclear. It is also not clear whether the Minister's letter constitutes a direction under the 2016 Investment Management Regulations. The ACCESS funds are conscious that they have fiduciary and public law duties to manage their funds in the best interests of scheme members and employees. The ACCESS group is therefore seeking further clarification from the Minister before deciding on the appropriate approach to implement pooling, taking into account the Minister's views and also the fiduciary and public law duties. Indications are that it is likely that the CIV operator approach will be the adopted approach however until this is finally confirmed it is proposed to proceed on the basis that it could be either model.
8. Regardless of which version of investment pooling ACCESS pursues, a legally binding Inter-Authority Agreement will be required in order to define the governance and cost sharing arrangements for the future operation of the pool.

9. This paper seeks approval of a range of proposals relating to the establishment of the Pooling arrangement and its governance which have been discussed and are recommended to the Council by the Isle of Wight Pension Fund Committee to enable the Isle of Wight Council to continue to participate in the ACCESS Pool.

Inter-Authority Agreement

10. The ACCESS funds have jointly commissioned the external legal firm Eversheds to provide assistance in drafting a legally binding Inter Authority Agreement (“IAA”) for the pooling of investments. It is not intended that the ACCESS funds will sign an IAA until a decision is made by the ACCESS Authorities on the form of the pool (either a CIV Operator or Collaborative Joint Procurement) following the conclusion of discussions with the Government.
11. The IAA will be based on the governing principles that were agreed by the ACCESS pension funds at the outset of their collaboration in February 2016, including:
- working collaboratively,
 - all Councils having an equitable voice in governance,
 - avoiding unnecessary complexity, and
 - running economically and applying value-for-money considerations.
12. The most significant principles that will be reflected in the IAA are as follows:

Governance

13. The ACCESS Pool will be governed by a Joint Committee constituted under s101 of the Local Government Act 1972 and made up of one elected councillor chosen by each authority from their pension committee. The Joint Committee (or “Joint Governance Committee” as it will be known) will be “hosted” by one of the ACCESS local authorities. The host authority will undertake the secretariat function for the Joint Governance Committee. It is proposed that Kent County Council will be the initial host authority. A Chairman and Vice-Chairman of the Joint Governance Committee will be appointed by the members of the Joint Governance Committee. Each elected member will have one vote in any decision requiring a vote, and decisions will be carried by a simple majority with the Chairman having a casting vote if necessary. The full draft constitution of the Joint Governance Committee is attached at Appendix 1.
14. The specific functions that would be delegated to the Joint Governance Committee will depend on the form that the pool takes which is currently being negotiated with the Government;
- If the Pool is based on a CIV Operator the functions delegated to the Joint Governance Committee are specified in Appendix 2.
 - If the Pool is based on Collaborative Joint Procurement the functions delegated to the Joint Governance Committee are specified in Appendix 3.

Procurement

15. If the Pool is based on a CIV Operator, then The Joint Governance Committee will oversee the procurement of a CIV Operator. The procurement itself would be undertaken by a “Lead Authority” (one of the ACCESS authorities) on behalf of all of the group. Whilst the Joint Governance Committee will oversee the procurement process and make a recommendation on the preferred supplier, each of the 11 ACCESS local authorities will make their own decisions to enter into a contract with the Operator.
16. If the Pool is based on a Collaborative Joint Procurement Model, then the Joint Governance Committee will oversee the procurement and maintenance of a framework which each of the ACCESS local authorities will be able to use to call off investment managers as required.

Cost Sharing

17. It is the aim of the ACCESS Pool that costs are shared equitably between the member funds. Some costs will be shared equally between the member funds, or costs will be shared according to the value of investments by each fund as follows:
18. Costs to be shared equally between the member funds are:
 - The pool establishment costs including strategic and technical advice, legal advice, project management costs and the costs associated with running either the procurement process to appoint a CIV Operator or to set up a collaboratively procured framework of investment managers.
 - Under the CIV Operator pool model, any set-up costs charged by the Operator for the overall creation of the sub-fund structure.
 - The ongoing costs of managing and governing the pool including the host authorities’ costs of hosting the Joint Governance Committee and providing the secretariat function, the cost of any external advice commissioned by the Joint Governance Committee and the periodic re-procurement processes for either the CIV Operator or investment manager framework.
19. Costs in relation to funds’ investments will be shared according to the value of each fund’s investments, either:
 - As charged by the CIV Operator for the sub-funds that each fund is invested in; or
 - Charged directly to the funds by Investment Managers they have invested with through Collaborative Joint Procurement.

20. Other costs will not be shared and will be borne by the fund that they are incurred by, which include:
- Each fund's costs of participating in the pool, such as attendance at meetings.
 - Any transition costs of moving assets to or within the pool.

Withdrawal and termination

21. Any fund can withdraw from the IAA and therefore the ACCESS Pool by giving 12 months notice. Following the signing of the IAA, any fund that wishes to withdraw from the pool will be liable for its share of the costs (not relating directly to investments) for the remainder of the contract period of the CIV Operator or in the case of Collaborative Joint Procurement a period to be agreed by the Joint Committee after the exit date that could extend to the period of commitment for any open frameworks.

Other Provisions

22. The IAA will cover a number of other standard areas including dispute resolution, information and confidentiality, data protection, freedom of information, equal opportunities, and change in identity of Administering Authorities.

Timescales

23. Government requires LGPS funds to begin transferring their investments into pools by no later than April 2018. In order for the ACCESS Pool to meet this deadline, the procurement processes for either a CIV Operator or Investment Manager Frameworks will need to commence in or around April 2017 and the ACCESS Pool has committed to move forward in a way that will enable either proposal to meet the Government's April 2018 deadline.
24. It is therefore necessary to seek decisions now to enable establishment of the Joint Governance Committee and commence the procurement processes for either proposal. To achieve this, it is necessary for all of the ACCESS Authorities to make decisions at Council meetings in February/March 2017.
25. In the circumstances, agreement is sought to continue to participate in the ACCESS Pool and to delegate authority to the Director of Finance, in consultation with the Chairman of the Pension Fund Committee, to agree the final approach the Council will take, based on further discussion with Government and the views of the local authorities that make up the ACCESS Pool, and to agree the final wording of the IAA with the other ACCESS local authorities accordingly.
26. Further, at this stage, a decision to delegate the relevant functions to the Joint Committee for either approach is needed.

STRATEGIC CONTEXT

27. The primary objective of the fund is to provide pension and lump sum benefits for members on their retirement and/or benefits on death, before or after

retirement, for their dependents, in accordance with the Local government Pension Scheme (LGPS) regulations and statutory provisions. The committee aims to operate the fund in such a manner that, in normal market conditions, all accrued benefits are fully covered by the value of the fund's assets and that an appropriate level of contributions is agreed by the employer to meet the cost of future benefits accruing.

FINANCIAL/BUDGET IMPLICATIONS

28. All costs in respect of the pension fund are borne by the fund, with no direct impact on the council's budget.
29. The cost sharing arrangements are set out in paragraphs 17 to 20 above

LEGAL IMPLICATIONS

30. All monitoring officers of the 11 Funds have been fully involved in the development of the IAA and the Council's Head of Legal Services and Monitoring Officer is content with the terms of the IAA.

EQUALITY AND DIVERSITY

31. The council as a public body is required to meet its statutory obligations under the Equality Act 2010 to have due regard to eliminate unlawful discrimination, promote equal opportunities between people from different groups and to foster good relations between people who share a protected characteristic and people who do not share it. The protected characteristics are: age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. There are no direct equality and diversity issues of this report.

RECOMMENDATION

32. That on a recommendation from the Isle of Wight Pension Fund Committee the Council agrees:
- a) To delegate authority to the Director of Finance, in consultation with the Chairman of the Pension Fund Committee to agree the approach to pooling (CIV or Collaborative Joint Procurement) that the Council will take, based upon the Government's responses to the two options put forward by the ACCESS Pool and the views of the local authorities that make up the ACCESS Pool.
 - b) If the Director of Finance, in consultation with the Chairman of the Pension Fund Committee agrees to adopt pooling based on the use of a CIV Operator, then authority is delegated to the Director of Finance in consultation with the Chairman of the Pension Fund Committee to finalise and agree the terms of the IAA in order to implement this model of Pooling, and the Council resolves to delegate the functions to the joint committee as specified in Appendix 2 with effect from the date of execution of the IAA.

- c) If the Director of Finance, in consultation with the Chairman of the Pension Fund Committee agrees to adopt pooling based on Collaborative Joint Procurement, then authority is delegated to Director of Finance in Consultation with the Chairman of the Pension Fund Committee to finalise and agree the terms of an IAA to implement this model of pooling and the Council resolves to delegate the functions to the joint committee as specified in Appendix 3 with effect from the date of execution of the IAA.
- d) That authority is delegated to the Head of Legal Services and Monitoring Officer to make consequential amendments to the Council's Constitution to reflect the agreed approach to pooling and the creation of the Joint Governance Committee. Any amendments to the Constitution will be reported to a future meeting of the Council.
