

**Full Council - Wednesday, 28 February 2018**

**Written question from Mrs Tricia McCourt of East Cowes to Cllr Stuart Hutchinson – Cabinet Member for Resources**

Can the Council assure us that there will not be an increase in vehicle and/or pedestrian fares for the floating bridge at any time during the 2018-2019 fiscal years, as this unreliable and infrequent bridge probably cannot produce such a hefty profit as floating bridge 5 did?

***RESPONSE***

*“In preparing its budget for 2018/19 the Council has considered price increases in a number of areas; the budget proposed by the Administration does not contain any increase to the charges on floating bridge 6.”*
