

**HEALTH AND WELLBEING BOARD - THURSDAY, 25 JULY 2019**

**Oral question from Tanja Rebel of Cowes to Councillor Stewart, Chairman of the Health and Wellbeing Board**

“Are wired connections available for all staff following the roll out of agile working?”

***Response***

*“Whilst all users are provided with laptops they can work on Wired or Wi-Fi connections. No users have requested wired connections although there are cabled connections to desks and if a user wanted to use a wired connection at home they would be able to do so”*
