The Chairman had no announcements to make.

70. **Report of the Cabinet Member for Childrens' Services, Education and Lifelong Skills**

70a **Determination of School Admission Arrangements for 2024/25**

There was a statutory requirement each year to publish the admission arrangements for the following school year before 28 February. It was noted that four island primary schools were reducing their published admission number (PAN) due to the falling birth rate on the island. A separate report on school place planning would be coming to Cabinet in June 2023.

RESOLVED:

That Cabinet approves the 2024/2025 school admissions arrangements.

71. **Report of the Cabinet Member for Infrastructure, Highways PFI and Transport**

71a **The Isle of Wight Council (Various Streets, Ventnor) (Traffic Regulation) Order No 1 2022**

This was the latest in a number of Traffic Regulation Orders (TROs) being brought forward to address concerns raised over a long period of time by businesses, residents and Town, Parish and Community Councils. A petition had been received regarding the proposals in St Catherine's Street, Ventnor signed by over 600 people.

RESOLVED:

Cabinet approves the proposed restrictions that are subject to this report in relation to The Isle of Wight Council (Various Streets, Ventnor) (Traffic Regulation) Order No 1 2022; The Isle of Wight Council (Esplanade, Ventnor) (Parking Places) Order No 1 2022; The Isle of Wight Council (Designated Loading Bays) Order No 1 2022 with amendment - to abandon the proposals in some locations, and to implement the rest of the restrictions.

To abandon proposals for Scheme 2 – St Catherine's Street, Ventnor and not proceed with any TRO for this road.

That Scheme 1 – Albert Street, Ventnor, be deferred to a later date pending further detailed investigation and research on the proposal.

That Scheme 4 – Park Avenue, Ventnor, be deferred until a later date pending further detailed investigation and research on the proposal.

72. Report of the Cabinet Member for Levelling Up, Regeneration, Business Development and Tourism

72a To approve the terms of a new land hire agreement with IW Festival Ltd for the staging of the IW Festival at Seaclose Park.

Councillor Jones-Evans left the room for this item. A new 5-year agreement was being sought for the use of council owned land by the Isle of Wight Festival organisers. A tariff based green levy had been agreed, which would contribute to the council's Mission Zero projects. It was hoped that the festival would become the 'greenest' festival in the UK making the island more attractive. In response to concerns raised it was confirmed that the council would keep the agreed bond for the duration of the five years, and also that reassurance had been received regarding the traffic management plans for the event.

RESOLVED:

To agree the terms set out in the report for a new five (5) year agreement with Isle of Wight Festival Ltd. to stage the IW Festival for the period 2023-2027 inclusive and to instruct the Director of Regeneration in liaison with the Leader of the Isle of Wight Council to conclude the details of the agreement, including provision to terminate where necessary.

73. Report of the Cabinet Member for Strategic Finance, Transformational Change and Corporate Resources

73a Quarterly Performance Monitoring Report Q3 2022-23

The report was for the period to end December 2022. It was noted that a number of assumptions had been used and that the issues in Ukraine and national government directly impacted on the financial settlement received. A few points were highlighted, including the following:

- The number of One Leisure cards had increased and the number of memberships was now at 78 per cent of the pre-covid level.
- 97.28 per cent of waste was not going to landfill.
- The floating bridge had been operational for 98.6 per cent of its scheduled working hours.
- The waiting list for inspections for the Disabled Facilities Grant had reduced from 102 down to 24.
- The SALIX project to replace windows and upgrade heating in county hall would result in an annual saving of £282,937 in energy costs. It was confirmed that despite rumours in the media, county hall was not due to be demolished.

RESOLVED:

That Cabinet approves the Performance and Finance Report for the Quarter ended 31 December 2022, and the priority report detail as set out in appendices 1-10, together with the council's financial position as set out in appendices 11-12.

73b **2023/24 Discretionary Rates Relief Schemes**

This was a government initiative to assist businesses in the hospitality and leisure sectors and small businesses.

RESOLVED:

That Cabinet recommends to Full Council to adopt the discretionary rate relief schemes as outlined in the Autumn statement 2022 and to ensure that the reliefs are applied to eligible accounts for the financial year 2023/24.

That delegated authority be granted to the Cabinet Member for Strategic Finance, Transformational Change and Corporate Resources to agree further legislative changes to the discretionary rates relief scheme.

73c **Discretionary Rates Relief – Heat Network Rates Relief Scheme**

This was a government scheme to give 100 per cent relief to eligible Low Carbon networks. One organisation on the island had been identified as being eligible.

RESOLVED:

That Cabinet adopt Option (a) as detailed below in that the heat networks rates relief scheme be implemented from 1 April 2022 and 100% relief is granted to those properties identified by the Valuation Office as using low carbon networks on the Island.

73d **Council Tax Support Grant**

The report was outlined, and it was noted that a trend was being shown towards the pledge made in the previous year to take the amount of relief towards 70% with a further increase if possible thereafter.

RESOLVED:

That the Cabinet adopt the draft Council Tax Support Grant scheme as attached in Appendix 1 to provide additional support to eligible Local Council Tax Support claimants as at 1 April 2023.

That a discretionary scheme is developed which awards £25 to newly eligible LCTS claimants after 1 April 2023 and to delegate authority to the Cabinet Member for Strategic Finance, Transformational Change and Corporate Resources to agree further details of the discretionary scheme.

73e **Budget and Council Tax Setting 2023-2024 and Future Years' Forecasts**

The Leader left the meeting part way through this item and Cllr Stephens took the Chair.

Cuts and savings had been made across all services to reach a balanced budget. The burden of cuts would fall mainly on discretionary services. The Cabinet were mindful of the concerns of the S.151 officer as to the fragility of the budget, and that every opportunity should be made for income generation. Between now and October 2023 the budget would be acutely monitored, savings made, and revenue generated. Members would not give up fighting for the Island Deal and continue to work hard to obtain government funding.

Some queries were raised by Cllr Garratt regarding the cost of replacement of mobile phones and the cut to the library book fund, which would be debated further at Full Council, and by Cllr Brodie regarding the cost of upgrading of ICT equipment and number of possible staff cuts. It was confirmed that whilst an actual number could not be provided, the loss of staff would be a last resort.

RESOLVED:

1. 1. That the Cabinet endorse the following:

(a) The recommendations to the Council set out below.

2. It is recommended that the Council approve the following:

(k) The Capital Programme 2022/23 to 2027/28 set out in Appendix 5 which includes all additions, deletions and amendments for slippage and re-phasing

(l) The new Capital Investment Proposals ("New Starts") - 2023/24 set out in Appendix 4 be reflected within the recommended Capital Programme 2022/23 to 2027/28 and be funded from the available Capital Resources

2024/25	2.0	2.0
2025/26	2.0	4.0
2026/27	2.0	6.0

(d) The Transformation Reserve held to fund the upfront costs associated with Spend to Save Schemes and Invest to Save Schemes holds a very modest uncommitted balance of £3.2m and will only be replenished from contributions from the Revenue Budget and an approval to the transfer of any further savings at year end

(e) Should the Council elect to reduce the level of savings below £3.895m in 2023/24 (and £2.0m p.a. thereafter), the Council's financial risk will increase and therefore the minimum level of General Reserves held will also need to increase in order to maintain the Council's financial resilience
