

Minutes

Name of meeting	FULL COUNCIL
Date and Time	WEDNESDAY 15 SEPTEMBER 2021 COMMENCING AT 6.00 PM
Venue	COUNCIL CHAMBER, COUNTY HALL, NEWPORT, ISLE OF WIGHT
Present	Cllrs G Brodie (Chairman), C Critchison (Vice-Chairman), D Adams, D Andre, J Bacon, M Beston, V Churchman, I Dore, R Downer, W Drew, P Fuller, A Garratt, S Hastings, S Hendry, C Jarman, J Jones-Evans, P Jordan, J Lever, M Lilley, K Love, K Lucioni, J Nicholson, M Oliver, G Peace, L Peacey-Wilcox, D Pitcher, R Quigley, R Redrup, J Robertson, P Spink, I Stephens and I Ward
Apologies	Cllrs P Brading, S Ellis, J Medland, C Mosdell, T Outlaw, M Price and C Quirk

24. **Minutes**

RESOLVED:

THAT the minutes of the meeting held on 21 July 2021 subject to the deletion of the word Earth in Cllr Lucioni' s declaration of interest.

25. **Declarations of Interest**

Councillor Julie Jones-Evans declared an interest in minute number 31.1 as she was a member of Newport and Carisbrooke Community Council, she was also a member of Shaping Newport.

Cllrs, Joe Lever, Andrew Garratt and Ray Redrup declared an interest in minute number 31.1 as they were members of the Newport and Carisbrooke Community Council.

Councillor Geoff Brodie declared an interest in minute number 31.1 as he was the Chairman of Newport and Carisbrooke Community Council.

26. **Public Question Time**

Questions were put to the Chairman as follows:

A written question was submitted by Ms N Thomas regarding the progress made to the WAVE Trust 70/30 (PQ/40/21). Cllr Andre will send a written response.

A written question was submitted by Ms T Redpath regarding the Island Plan Strategy (PQ/41/21). Cllr Fuller responded.

Mr D Sargison from Ryde asked an oral question regarding the Ryde Interchange proposal and to support local public toilets, Councillor Jordan advised that he would provide a written response.

Ms S Farrand from Freshwater asked a question regarding the draft Island Planning Strategy and the numbers included local housing need to justify housing numbers, would the council publish the current assessment of local housing need for each parish? Councillor Stephens advised that central government provided the figures for evaluation of affordable housing, the Council would continue to look at each ward to ascertain the housing need on the Island. A full written response would be provided.

Ms Farrand asked a supplementary question regarding a housing need survey that had been undertaken, to look at local need, Councillor Stephens advised he would supply a written response.

Mr Dom Hicklin from Freshwater asked a question regarding development boundaries in the proposed planning strategy, if a site currently within a development boundary was challenged would the site be excluded from the plan? Councillor Fuller advised that it was an emerging plan and cannot be used currently, the Local Authority was unable to stop applications being submitted.

A Supplementary question was then asked, when looking at greenfield sites on the edge of planning envelopes, Councillor Fuller advised that each application was determined on its own merits.

Mr Huw Jenkins from Freshwater asked a question regarding housing allocations in Freshwater, the West Wight had not received economic and infrastructure investment to support proposed housing estates in the area, could this be reviewed? The Cabinet Member asked that comments including evidence be supplied during the consultation period of the draft planning strategy.

A supplementary question was asked if people lived closer to where they worked rather than the shops, that it would be more sustainable development. The Cabinet Member advised that more people now worked from home and would need to be fed into the consultation.

27. **Petition**

Members considered a petition of over 2,500 Island residents which had been received in relation to Ryde Interchange.

The organiser of the petition Ms C Foulkes was unwell and the Chairman allowed Mr B White to provide a brief outline of the petition, highlighting several points of interest. Members discussed various aspects of the scheme in both support and against the petition.

Following the debate, a vote was taken, the result of which was as follows:

RESOLVED:

THAT the motion contained in the petition fell.

28. **Chairman's Official Announcements**

The Chairman's report had been circulated to all Councillors prior to the meeting, he advised that he had been approached by the Independent Remuneration chairman to ask councillors to complete the recently circulated survey regarding Member's Allowances.

RESOLVED:

THAT the Chairman's report be noted.

29. **Leaders Update Report**

The Leader presented her report and acknowledged that in recent months staff and Island residents had passed away or were in hospital. An event at Carisbrooke Castle had been attended to mark Thank You day, up to 4,000 residents had been involved in community work during the pandemic. Congratulations were given to the number of people including staff and Councillors who took part in the Walk the Wight event the previous weekend.

A question was raised regarding the significantly higher level of unemployment figures on the Island compared with the national average, and what was being done to address the situation. The Leader advised that unemployment figures for August were lower than the national average, however it did not understate the importance of growing the Island's economy and creating more job opportunities for local people. It was acknowledged that businesses in the visitor and hospitality sector had struggled to recruit both skilled and unskilled staff. Discussion with IW College and Visit IW were ongoing.

The Leader congratulated those involved in setting up Community hubs at the start of the pandemic, she also acknowledged the money received in grants for the government's brownfield land release fund.

A question was raised in regard to the St Mary's junction, assurance was given that future traffic schemes would look at greater pedestrian and cyclist access.

30. **Report of the Monitoring Officer**

30.1 **Scheme of Co-option - Voting Rights Scheme**

The Leader introduced the report and put forward the recommendation which was duly seconded.

A vote was taken the result of which was:

RESOLVED:

That the scheme of co-option (voting rights scheme) set out in the Appendix be approved.

That the Monitoring Officer be granted delegated authority to publish the statutory notice in one or more newspapers circulating in the area.

30.2 **Political Proportionality, Alternative arrangements, Allocation of seats, Nominations, and Appointments to Committees**

The Leader formally moved the report, Councillor Debbie Andre was nominated to the Appointments and Employment Committee which was duly seconded

A vote was taken en-bloc the result of which was:

RESOLVED:

1. To approve the review of political proportionality.
2. To appoint those nominated by Alliance Group to their vacant allocated seats.
3. To appoint Cllr Geoff Brodie to the two new unallocated seats, namely to the Appeals Committee and to the Planning Committee
4. To appoint Cllr Shirley Smart to serve as a non-voting co-opted member of the Planning Committee.
5. To appoint Cllr Kai Wacker to serve as the IWALC representative on the Health and Wellbeing Board and to appoint Cllr Shirley Smart to serve as the authorised substitute for Cllr Kai Wacker as the IWALC representative.
6. To appoint Cllr Debbie Andre to the Appointments and Employment Committee.

31. **Motions Submitted under PART 4A, Procedure Rule 9 of the Council's Constitution**

31.1 **By Councillor Martin Oliver**

Councillor Oliver moved the following motion with the inclusion of Option 4 recommended by Cabinet on 9 September 2021 the motion was duly seconded:

Council notes that:

- 1) Her Majesty the Queen has agreed for a competition to be held to grant the prestigious civic honour of 'city status' to a select number of towns in the United Kingdom, to mark her Platinum Jubilee.
- 2) Local authorities can enter this competition, showcasing their civic pride, interesting heritage and record of innovation, in order to make the case for awarding a town one of these honours.
- 3) It is widely recognised that the prestige associated with becoming a city can support efforts to boost prosperity and attract visitors.
- 4) The Isle of Wight is one of a minority of English counties without a city; whereas neighbouring Hampshire has three.

Council therefore agrees that:

- 1) The Council prepares a draft bid to nominate the Island's County Town for city status.
- 2) It will seek the support of Newport and Carisbrooke Community Council as a partner in this bid, along with local businesses, organisations and the public, particularly in Newport.
- 3) The proposed submission is tabled as an agenda item for the Council meeting on 17 November 2021, for approval, ahead of submission to the Cabinet Office by the deadline of 8 December 2021.
- 4) The bid to be approved by those delegated to act on behalf of the Isle of Wight Council, Newport and Carisbrooke Community Council and the Shaping Newport Steering Group.

A vote was taken the results were as follows:

RESOLVED:

THAT

- 1) Her Majesty the Queen has agreed for a competition to be held to grant the prestigious civic honour of 'city status' to a select number of towns in the United Kingdom, to mark her Platinum Jubilee.

- 2) Local authorities can enter this competition, showcasing their civic pride, interesting heritage and record of innovation, in order to make the case for awarding a town one of these honours.
- 3) It is widely recognised that the prestige associated with becoming a city can support efforts to boost prosperity and attract visitors.
- 4) The Isle of Wight is one of a minority of English counties without a city; whereas neighbouring Hampshire has three.

Council therefore agrees that:

- 5) The Council prepares a draft bid to nominate the Island's County Town for city status.
- 6) It will seek the support of Newport and Carisbrooke Community Council as a partner in this bid, along with local businesses, organisations and the public, particularly in Newport.
- 7) The proposed submission is tabled as an agenda item for the Council meeting on 17 November 2021, for approval, ahead of submission to the Cabinet Office by the deadline of 8 December 2021.
- 8) The bid to be approved by those delegated to act on behalf of the Isle of Wight Council, Newport and Carisbrooke Community Council and the Shaping Newport Steering Group.

31.2 **By Councillor Steve Hastings**

Councillor Hastings advised that he had received and accepted an amendment to the original motion prior to the start of the meeting and moved the following which was duly seconded:

On 18 November 2020, Council asked the then Cabinet to explore the cost and feasibility of acquiring mobile average speed cameras for future use on the Island. On 24 February 2021, Council approved a budget for 2021/22, which included an allocation of £300,000 for purchasing these cameras.

Given that this capital allocation is for the current financial year, Council urges the Cabinet to proceed with the development of a business case to investigate these mobile average speed cameras, identifying the costs and effectiveness of the use of the cameras across the Island, taking advice from the Policy Committee for Regeneration and Transport.

A vote was taken and the results were as follows:

RESOLVED:

THAT On 1^h November 2020, Council asked the then Cabinet to explore the cost and feasibility of acquiring mobile average speed cameras for future use on the

Island. On 24 February 2021, Council approved a budget for 2021/22, which included an allocation of £300,000 for purchasing these cameras.

Given that this capital allocation is for the current financial year, Council urges the Cabinet to proceed with the development of a business case to investigate these mobile average speed cameras, identifying the costs and effectiveness of the use of the cameras across the Island, taking advice from the Policy Committee for Regeneration and Transport.

31.3 **By Councillor Joe Lever**

Councillor Lever moved the following motion which was duly seconded:

The impacts of irreversible Climate Change are being felt across the UK and around the world. Global temperatures have increased by over 1 degree Celsius from pre-industrial levels. Without significant and sustained action, the world is set to exceed the Paris Agreement's 1.5°C limit by 2040. Therefore, the current UK target of net zero carbon by 2050 is too little too late.

According to the Intergovernmental Panel on Climate Change, limiting heating to 1.5°C may still be possible with significant and immediate action from national and local authorities such as the Isle of Wight, as well as wider society. Investing now would not only help avoid a cataclysmic climate and ecological tipping point but can also bring many benefits in the form of good jobs, breathable towns and thriving communities.

Council notes that:

1. Many local authorities are playing an important role in the UK taking action to achieve net zero carbon
2. The Climate and Ecological Emergency (CEE) Bill currently before Parliament states that the UK Government must develop an emergency strategy that:
 - a. requires that the UK plays its fair and proper role in reducing greenhouse gas emissions consistent with at least a 66% chance of limiting heating to 1.5°C above pre-industrial temperatures;
 - b. ensures that all the UK's consumption emissions are accounted for, including international aviation and passenger shipping;
 - c. ensures that steps to mitigate emissions do not damage ecosystems, food and water availability and human health;
 - d. ensures that steps taken to increase the health, abundance, diversity and resilience of species, populations and ecosystems follow the mitigation and conservation hierarchy - avoid, minimise, restore and offset;
 - e. restores, expands and enhances the management of natural and cultivated ecosystems to protect and enhance biodiversity, ecological and ecosystem service provision;
 - f. ensures an end to the exploration, extraction, export and import of fossil fuels by the United Kingdom as rapidly as possible; and

- g. sets up an independent citizens' assembly to engage with the UK Government to help develop the emergency strategy.

Isle of Wight Council therefore resolves to:

1. Support the Climate and Ecological Emergency (CEE) Bill;
2. Inform the local media of this decision;
3. Write to local Member of Parliament, asking them to support the CEE Bill; and
4. Write to the [CEE Bill Alliance](#), the organisers of the campaign for the Bill, expressing its support (campaign@ceebill.uk).

During the debate Cllr Lever asked in accordance with the Council's Constitution Part 4B section 10 (Voting) that a named vote be taken, he was supported by four other Councillors.

A named vote was taken the result of which were as follows:

For (21)

Councillors Geoff Brodie (Chairman), David Adams, Debbie Andre, Jonathan Bacon, Ian Dore, Rodney Downer, Paul Fuller, Chris Jarman, Julie Jones-Evans, Phil Jordan, Joe Lever, Michael Lilley, Karl Love, Karen Lucioni, Lora Peacey-Wilcox, Ian Stephens, Andrew Garratt, Richard Quigley, Warren Drew, Stephen Hendry, Claire Critchison.

Against (5)

Councillors Daryll Pitcher, Michael Beston, Vanessa Churchman, Joe Robertson, Ian Ward

Abstention (6)

Councillors Steve Hastings, John Nicholson, Martin Oliver, Gary Peace, Ray Redrup, Peter Spink

RESOLVED:

THAT the Isle of Wight Council therefore resolves to:

1. Support the Climate and Ecological Emergency (CEE) Bill;
2. Inform the local media of this decision;
3. Write to local Member of Parliament, asking them to support the CEE Bill; and
4. Write to the [CEE Bill Alliance](#), the organisers of the campaign for the Bill, expressing its support (campaign@ceebill.uk).

32. **Member Question Time of the Leader and Cabinet Member**

Councillor Richard Quigley asked if serious steps to ensure the Council becomes a Living Wage employer in a set period of time would be achieved, the Leader

advised that it was an aspiration of the administration to help people out of poverty, however this was a challenge and would involve a number of agencies. A number of things had to be considered when making the decision and she asked that Cllr Quigley assist the Alliance group by leading in a piece of work to consider the impact on the Isle of Wight Council and wider community.

Councillor Joe Roberston asked if the opportunity to make changes to the road layout for Ryde Interchange remained and if so when. The Cabinet Member for Highways PFI, Transport and Infrastructure advised he would provide a written response.

Councillor Richard Quigley asked for an outline of the Adult Social Care situation on the Island, he was advised by the Cabinet Member for Adult Social Care and Public Health that we would be in a worse situation next year without any additional funding, this would have an impact on services. The Cabinet Member for Finance, Corporate Resources and Transformational Change advised that an impact assessment was underway and would be circulated to all councillors.

Councillor Richard Quigley asked if the Isle of Wight Council were supporting the Afghan settlement programme, the Deputy Leader and Cabinet Member for Community Protection, Digital Transformation and Housing Needs advised he would supply a written response.

CHAIRMAN

Full Council – 15 September 2021

Written question from Natalie Thomas to the Cabinet Member for Children’s Services, Education and Lifelong Skills

could tell me whether there has been any progress made with regards to the WAVE Trust 70/30 motion which was passed on the 16th September 2020. I am just wondering if there are any internal updates which could be shared.

Response

Context

The WAVE trust is an organisation working to reduce child abuse, neglect, and other adverse childhood experiences (ACEs) by at least 70% by the year 2030.

For the avoidance of doubt it is useful to clarify that the WAVE trust is an entirely separate organisation to The Wave Project, which is an Isle of Wight based charity, providing surf based therapy activities and programmes to island children and young people.

Response

Children’s Services, alongside partner agencies across the island are fully committed to reducing the incidence and responding effectively to child abuse, neglect and adverse childhood experiences. Children’s Services are responsible for delivering a wide range of support and statutory services for children and families, this includes supporting families to help them to look after their children, preventing escalation into statutory services and leading the work to keep children safe and protect them from harm, abuse and neglect.

Children’s Services share these tasks with other organisations such as:

- The police
- Health services
- Schools and education services
- Voluntary and independent child care sectors.

The service works closely with partner agencies and is focused on a strength based, whole family approach, using restorative and trauma informed practice.

The annual Children’s Safeguarding Partnership report outlines the work across the partnership to deliver prevention and early intervention support to children and families, as well as our statutory children’s services delivery.

<https://www.iowscp.org.uk/>

The Early Help offer locally is a key in delivering early intervention and preventative work to support children and families at an early stage and to reduce escalation into higher tier services. Ofsted have previously highlighted the strength of the early help offer on the island,

‘An increasing number of children and families access early help services and benefit from a comprehensive range of support, commissioned through an external provider

via a network of family centres across the island. In partnership with the local authority, the voluntary sector provides a strong community response to families who need access to early help service...Families benefit from timely and effective interventions.
ILACS, Ofsted, November 2018.

'The needs of the whole family are taken into account in this process and there are clear pathways that take families on to greater levels of support, should they need it.'
Ofsted/CQC SEND joint inspection Nov. 2019.

The council is committed to working with all partner agencies, including the wide range of voluntary and community organisations across the island in safeguarding children.

Full Council – 15 September 2021**Written question from Ms Trish Redpath to the Cabinet Member for Planning and Housing**

The current Island Plan Strategy is setting itself up for failure as failures to reach the new delivery target of 489 will further the Presumption of Sustainable Development and continued kite flying applications on precious greenfields that are difficult to oppose.

It is however possible to plead exceptional circumstances in accord with paras 11b and 60 of the NPPF, but those pleas must be supported by technical information on the substandard sewerage system and restricted electricity provision plus the impossible to rectify road network due to the landscape of the Island and the fact that the Island roads do not transcend authority boundaries.

Please can these details be included WITHIN the Plan but in the meantime please can the Council prepare and supply the technical support information that the MP desperately needs and which if successful will help the Island Plan – hopefully with a more realistic delivery target – succeed at EIP?

Response

The Council will review and assess all of the responses received during the current consultation on the Draft IPS, including those relating specifically to the housing number and suggesting that the Council make a case for exceptional circumstances under para 61 of the NPPF as set out in the question asked. This period of review and assessment will determine the next steps that the council takes in relation to its current approach and content of the final version of the IPS that will be submitted to the Secretary of State for examination in 2022. Any additional technical information deemed to be required will be carried out to support the content of the final version of the plan.

It is important to note that as set out in Planning Practice Guidance the starting point for any case for exceptional circumstances is a requirement for the LPA to demonstrate, using robust evidence, that any housing need figure lower than the standard method is based on realistic assumptions of demographic growth, whilst also taking account of any previous under-delivery. Issues such as sewerage, utility infrastructure and highways may be considered in plan-making (i.e. do they demonstrably constrain the ability of an LPA to plan for all of its identified need without the potential to be overcome) once the housing need for an area has been identified.

Chair's Report to Full Council, 15 September 2021

Being Chairman continues to be quieter than I anticipated. Probably a good job given how much I am usually involved within my own ward.

The main event I will have attended as your Chairman on 9th September was the first recognition locally of Emergency Services or 999 Day with a flag-raising ceremony in County Hall car park. I was accompanied by the High Sheriff, representatives of all the emergency services and leading Isle of Wight Councillors. I was delighted to be able to initiate this important event, along with Council support staff, which I hope will now be annual and held in St Thomas' Square.

I was also invited to the IsleAccess '*Accessible Activities and Services Day*' at West Wight Sports Centre, which was entirely illuminating.

As your Chairman and personally I was very sad to learn of the passing of Cllr Vanessa Churchman's husband, David, but I know she has been comforted by all the messages of condolence and support.

Finally I have been involved in preparations for this year's county Remembrance Sunday ceremonies in Newport. I am delighted that representatives of religious faiths other than Christian will now be invited to be part of the civic elements of the ceremonies and of course I have no faith.

Cllr Geoff Brodie
