

## 19. Executive Scheme of Officer Delegation

### Introduction, general principles and interpretation

Certain types of decision must by law be delegated to an officer rather than being determined by councillors, e.g. the appointment and dismissal of officers below Deputy Director level; the discharge of Returning Officer duties in elections; and Proper Officer functions. Other council functions must by law be determined by councillors and not officers, e.g. setting the Budget and adopting the plans or strategies constituting the council's Policy Framework. For the majority of functions, it is a matter of local choice for the council whether they are exercised by councillors or delegated to officers.

This scheme delegates powers and duties in relation to Executive functions that are the responsibility of Leader and Cabinet Members. The scheme delegates powers and duties within broad functional descriptions and includes powers and duties under all legislation within those descriptions and all powers and duties incidental to that legislation.

Where functions that are the responsibility of the Leader are delegated through Cabinet members to officers or other structures outside the Cabinet, the Leader will nevertheless remain accountable to the council for the discharge of those functions. That is to say, the Executive will be held to account for both its decision to delegate a function and the way the function is carried out, although the specific decision is the responsibility of the officer or other delegated body.

The Leader may make ad-hoc variations in relation to the scheme. Any variation affecting the generality of any delegation shall be made in writing. The variation shall be effective from the date the written notice is received by the Monitoring Officer.

The Monitoring Officer shall have the power, subject to notifying all elected councillors, to:

- (a) amend the scheme to reflect re-organisations, changes in job titles and vacancies, where the changes result in redistributing existing delegations and not the creation of new ones
- (b) amend the Constitution to correct any typographical errors or inconsistencies subsequently identified

The scheme does not delegate to officers the following:

- (a) any matter expressly reserved to the Cabinet within its terms of reference or otherwise, by standing orders or financial regulations or withdrawn from delegation by this scheme or by the Cabinet or individual Cabinet member
- (b) the making of an order for the compulsory acquisition of land
- (c) the acquisition of land in advance of requirements
- (d) the adoption, amendment (other than minor amendments) or delegation of any strategic plan or policy
- (e) the incurring of any capital or revenue expenditure in excess of the estimates allocated to a function under the relevant head of expenditure, but subject to such modifications as may be made in accordance with financial regulations
- (f) to carry out major highway creation or improvement works
- (g) to respond to planning consultations by government departments or statutory undertakers where objection or adverse comment is proposed to be made
- (h) to suspend local management from any school
- (i) to issue a public notice for any significant change to a school in terms of number of pupils, age range, type or status of school, closure or merger, or creation of a new school

- (j) the taking of decisions in contravention of any existing council policy

All delegated functions shall be deemed to be exercised on behalf and in the name of the council.

Certain Executive decisions taken by officers must be recorded and published, in accordance with the Protocol for Recording and Publishing Officer Decisions (see Part 5 Section 3).

### **General principles/common officer Executive delegations**

Chief Officers and their direct reports are authorised within their areas of responsibility, subject to the following conditions:

- (a) The Chief Executive will maintain and publish a list of services for which each Director is responsible, and in relation to which they have delegated powers under this scheme. The Chief Executive has authority to amend that list and this scheme, to reflect operational necessity and in order to deliver continually improving services.
- (b) Powers shall be exercised in accordance with the law, the council's procedure rules, financial regulations, contract procedure rules and any policies relevant to the functions delegated.
- (c) Chief Officers are empowered to:
  - (i) make such decisions and initiate such actions as they deem necessary in the interests of efficient delivery and improvement of services within their area of responsibility
  - (ii) implement manage and deliver Executive policies and decisions
  - (iii) make amendments to the structure of their department, subject to consultation with the relevant Cabinet member
  - (iv) make appointments to a post within their approved budget and take such decisions in relation to human resources as are appropriate for the proper management of the service
  - (v) implement the council's human resources policies as shall apply at any time
  - (vi) authorise officers to carry out the council's functions under all legislation, regulations, orders and statutory codes of practice, to include entry of premises, inspections and signing and service of notices in relation to the council's enforcement functions
  - (vii) in an emergency, to take such action as is necessary within the law to protect life, health, and safety, the economic social or environmental well-being of the Island, and to preserve property belonging to the council or others
  - (viii) enter into contracts, review their operation, establish and maintain approved lists of contractors of suppliers and the appointment of consultants, subject to the financial regulations, the procurement rules, contract standing orders and budgetary provision
  - (ix) authorise legal proceedings in respect of offences under acts, regulations, bylaws or orders within the remit of the service area, and with the approval of the Strategic Manager for Legal Services
- (d) Once a member-level decision has been taken, the implementation of that decision should be delegated to officers, so that multiple member decisions are not required in respect of the same matter
- (e) The fact that a function is delegated to an officer does not prevent that officer from referring any decision to the Cabinet or Cabinet member at their discretion, especially if the decision is controversial or of strategic importance

- (f) When exercising delegated powers, officers should consider referring a decision to Cabinet or the relevant Cabinet member where the decision:
  - (i) involves significant expenditure to the service budget, or wider council budget
  - (ii) affects the reputation or carries a significant risk for the service and/or council
  - (iii) is significant with regard to one or more divisions
  - (iv) impacts reputationally or financially on service users, partner organisations or committees outside the council
- (g) The Leader or the relevant Cabinet member may direct that a delegated Executive power should not be exercised by an officer but should instead be referred to the Cabinet, Cabinet member or relevant committee. Such direction should be exercised in consultation with the relevant Director.
- (h) Chief Officers have responsibility to report to Full Council, Cabinet, Cabinet member, the appropriate committee or relevant local councillors (and following this the relevant Parish/Town Council) matters that are of a political or strategic significance where that body or person is not required to make a decision but where it is proper for them to be aware of the position
- (i) Officers authorised to exercise delegated powers are required to keep councillors properly informed of activity arising within the scope of their delegations and to ensure a proper record of such activity is kept and available for inspection in accordance with the legislation
- (j) “Function” is construed broadly and includes the doing of anything that is calculated to facilitate or is conducive or incidental to the discharge of any of the specified functions
- (k) A Director is not required to exercise all delegations personally and may authorise officers of suitable experience and seniority to exercise delegated powers, either generally or specifically, on their behalf. A Director must maintain a list of all such authorisations, as part of a comprehensive service scheme of delegation
- (l) Officers exercising delegated powers related to financial matters (such as raising invoices, writing-off debts, paying invoices or disposing of assets) shall be aware at all times of the statutory responsibility of the Director of Finance under the Local Government Act 1972 and of the need to comply with the Financial Regulations (see Part 3 Section 19) and all the instructions and guidance issued by them and to seek their advice as necessary
- (m) If office of any employee of the council is vacant, or the employee is absent or otherwise unable to act, the most suitable senior officer available is authorised to exercise the responsibilities of the vacant office and such action shall be recorded in writing by the relevant Director, or in the event of a Director, by another Director
- (n) Any post specifically referred to below shall be deemed to include any successor post, or a post that includes within the job description, elements relevant to any particular delegation, which were also present in the earlier post and shall include anyone acting up or seconded or discharging the functions of the post on an interim basis
