Outer Wheel Socio-Economic Impact Areas

No Poverty

Score: 5

The draft *Council Tax Policy for Second Homes, Long Term Empty Properties and determining discounts for certain dwellings* would have a long-term positive impact on Island residents because the policy seeks to encourage empty properties to be brought back into use, creating available homes for residents, including those who may currently be in temporary or unsuitable accommodation.

Equally, by charging a premium on the council tax accounts of empty and second homes, it will generate more income for the council to be able to spend on providing services in the long-term for Island residents, assisting with ongoing poverty-related issues.
