

Isle of Wight Council Climate and Sustainable Development Impact Assessment – Scoring Rationale

Outer – United Nations Sustainable Development Goals		
Area	Score	Rationale
No Poverty	4	This proposal helps to ensure equal access to basic services and council services through improved transport provision.
Zero Hunger	3	
Good health and wellbeing	4	This proposal helps improve mental health and well being through reducing social isolation especially within rural communities through improved transport provision.
Quality Education	4	This proposal improve access to education and vocational training on the Island through improved transport provision.
Gender Equality	3	
Clean Water & Sanitation	3	
Affordable and clean energy	3	
Decent work and economic growth	4	The proposal increases local employment as it will support new jobs within the local bus service provision. Likewise, it will improve access to job opportunities through enhanced local bus services.
Industry, Innovation, and Infrastructure	3	
Reduced inequalities	4	Though enhancements to local public transport provision, it shall assist in reducing inequalities due to economic factors that limits alternate transport options.
Sustainable cities and communities	5	Enhanced access to safe, affordable, accessible and sustainable public transport to all whom live in communities along the specific bus routes.
Responsible consumption and production	4	Improved transportation allows businesses and visitors to undertake related travel more sustainably.
Climate Action	4	Allows communities improved access to sustainable travel. This in turn will help to reduce local emissions in relation to transport, in particular reduction in sole occupancy car journeys.
Life below water	3	
Life on land	4	Increased use of public transport against sole occupancy car journeys will help improve local air quality.
Peace, justice, and strong institutions	3	
Partnerships for the Goals	3	

Isle of Wight Council Climate and Sustainable Development Impact Assessment – Scoring Rationale

Inner – Climate & Environment Strategy
