

Isle of Wight Council Climate and Sustainable Development Impact Assessment

Proposed parking restrictions in Appley Rise and Ampthill Road, Ryde.

The proposals are aiming to ensure safety for all road users, whilst securing the emergency services' access and the movement of the traffic – by removing the inappropriate parking in order to increase visibility, create passing points, and free up footways.

The extent of the proposed restrictions is kept to a minimum, in order to preserve as many parking spaces as possible. However, as the Local Highway Authority, the Council has a duty to ensure road users' safety and the movement of the traffic, which means that these were prioritised above the preservation of parking spaces, where necessary.

Scoring Rationale

Outer – United Nations Sustainable Development Goals

Area	Score	Rationale
No Poverty	3	The proposals, if implemented, is unlikely to have any positive or negative effect on poverty.
Zero Hunger	3	The proposals, if implemented, is unlikely to have any positive or negative effect on hunger.
Good health and wellbeing	4	<i>Some of the proposed parking restrictions may encourage people to cycle or walk i.e. to exercise more frequently.</i>
Quality Education	3	The proposals, if implemented, is unlikely to have any positive or negative effect on quality education.
Gender Equality	3	The proposals, if implemented, is unlikely to have any positive or negative effect on gender equality.
Clean Water & Sanitation	3	The proposals, if implemented, is unlikely to have any positive or negative effect on clean water and sanitation.
Affordable and clean energy	3	The proposals, if implemented, is unlikely to have any positive or negative effect on affordable and clean energy.
Decent work and economic growth	3	The proposals, if implemented, is unlikely to have any positive or negative effect on decent work and economic growth.
Industry, Innovation, and Infrastructure	3	The proposals, if implemented, is unlikely to have any positive or negative effect on industry, innovation and infrastructure.
Reduced inequalities	3	The proposals, if implemented, is unlikely to have any positive or negative effect on reduced inequalities.

Sustainable cities and communities	4	<i>Some of the proposed parking restrictions may encourage people to use more sustainable means of transport such as cycling, public transport or car share.</i>
Responsible consumption and production	3	The proposals, if implemented, is unlikely to have any positive or negative effect on responsible consumption and production.
Climate Action	3	The proposals, if implemented, is unlikely to have any positive or negative effect on climate action.
Life below water	3	The proposals, if implemented, is unlikely to have any positive or negative effect on life below water.
Life on land	3	The proposals, if implemented, is unlikely to have any positive or negative effect on life on land.
Peace, justice, and strong institutions	3	The proposals, if implemented, is unlikely to have any positive or negative effect on peace, justice, and strong institutions.
Partnerships for the Goals	3	The proposals, if implemented, is unlikely to have any positive or negative effect on partnerships for the Goals.

Inner – Climate & Environment Strategy

Area	Score	Rationale
Transport	4	<i>Some of the proposed parking restrictions may encourage people to use more sustainable means of transport such as cycling, public transport or car share.</i>
Energy	3	The proposals, if implemented, is unlikely to have any positive or negative effect on energy.
Housing	3	The proposals, if implemented, is unlikely to have any positive or negative effect on housing.
Environment	4	<i>Some of the proposed parking restrictions may encourage people to use more sustainable means of transport, thus reducing the number of vehicles and the CO2 emissions.</i>
Offset	3	The proposals, if implemented, is unlikely to have any positive or negative effect on offset.
Adaptation	3	The proposals, if implemented, is unlikely to have any positive or negative effect on adaptation.
