

Corporate Scrutiny Committee – 12 April 2022

Written question from Shirley Briscoe of Freshwater to the Corporate Scrutiny Committee

Why is the Council rushing through this plan when national guidance on planning and development policy is currently under review and will be changing this summer? It surely would be more responsible and considered to wait until then to decide the fate of the Island for the next 15 years.

Response

Please see response to PQ13/22 (impact of any national guidance/policy changes).
