6. **Legislation and Regulation Update**

The Pension Fund Manager provided a verbal update on current issues, including consideration of the forthcoming consultation from the Department for Levelling Up, Housing and Communities expected in Autumn 2022 which would cover climate change, pooling, and levelling up. Consultation is also likely to include the replacement of the current CMA order (in respect of setting objectives for consultants) with LGPS regulations, the requirement for funds to take “proper advice” from FCA regulated advisers, the Scheme Advisory Board’s good governance, and the Boycotts, Divestment and Sanctions bill. There was a concern that the 12-week consultation period may fall between scheduled committee meetings and it was therefore suggested that an additional informal meeting be arranged if necessary.

RESOLVED:

- i) THAT the legislation and regulation update be noted.
- ii) THAT an additional informal meeting of the Committee be arranged to consider the consultation from the Department for Levelling Up, Housing and Communities, if necessary.

7. **Knowledge and Understanding**

The Investment Consultant of Hymans Robertson provided information on the Gresham House Specialist Asset Fund, particularly within the context of the Levelling Up agenda. Additional information was requested regarding Gresham House's ESG/RI credentials. Questions were raised regarding the viability of expanding to other projects and genetically modified crops. Additional information on this was requested and it was suggested that the Fund's stance on this matter could be reflected within the investment strategy statement.

RESOLVED:

THAT the update be noted.

8. **Triennial Valuation**

11. **Draft Financial Results 2021-22**

The Pension Fund Manager presented the report which provided an early draft of the financial results for the Fund for the year ended 31 March 2022, including the change in the fund's net assets and change in membership numbers. It was advised that, as a result of resource constraints at the external auditors, the pension fund audit had been significantly delayed and was not due to start until mid-December 2022. This meant that the Fund would not achieve its statutory deadline for publishing its annual report and accounts before 1 December 2022. The committee noted that the breach of the law had been self-reported to the LGA and would be recorded on the breaches log but was not deemed significantly material to report to the Pensions Regulator.

RESOLVED:

RESOLVED:

14. **Members' Question Time**

Cllr Churchman asked a question in relation to benchmarking. The Investment Consultant advised that all managers have standard benchmarks which are agreed at the time of appointment, and cannot be varied without the committee's express consent..

15. **Exclusion of Public and Press**

RESOLVED:

THAT the public and press be excluded.

Prior to the three-hour point in the meeting, the chairman proposed that the meeting be extended for up to thirty minutes (to allow sufficient time for the remaining agenda items to be considered) under Part 4B(6) (Duration of meetings) of the Council's Constitution.
