Hi Shirley

Thanks for your time on the phone.

As discussed, We will be happy to revise our supply of alcohol times to 12:00 – 20:00, however it is worth pointing out that originally we applied with a finish time that matched the Co-op's opening hours. This shop is directly opposite our house (premises), and sells a range of cheaper alcohol between the hours of 6:00 – 22:00.

The amended supply finish time is in line with our final takeaway collection slot. Our customers could still then go to the Co-op to buy alcohol to have with their dinner (collected from us).

Thanks Shirley

Laure

Good afternoon Debbie

I write with reference to the above application and the representation made by CTC.

Please be advised that the applicant has been contacted and advised of the representation and has provided the following response:

“As discussed, We will be happy to revise our supply of alcohol times to 12:00 – 20:00, however it is worth pointing out that originally we applied with a finish time that matched the Co-op's opening hours. Please would you circulate this offer of revision to the application to members as a matter of urgency and ask them to confirm if this is sufficient for the representation to be withdrawn and a hearing to be avoided. We are now a week out of consultation and a committee report will need to be produced in the next few days if we are to proceed to a hearing so a swift response would be appreciated.

Many thanks

Dear Andrea

I write further to our recent correspondence regarding the above.

After consulting with the members of our Planning and Licensing Committee regarding the applicant's offer of revision, the majority decision is for the Town Council's objection to remain.

Kind Regards
