Gouldings	16,000	16,000	0	2,132,308	2,132,308		Council funded refurbishment works originally allocated funding in 20/21. Some design works have commenced but the main phase of construction is now programmed for 2023. Tender values have exceeded the original budget so this has been supplemented from the Adelaide allocation.
Adelaide	0	0	0	338,363	338,363		Council funded refurbishment works to provide en suite rooms and reablement facilities, originally allocated funding in 2020/21 and programmed to commence construction in 2023 outside of winter peak pressures. Whilst most of the funding has been committed to agreed projects, some remains uncommitted at this stage in the year and is shown here as slippage. This will reduce as it is allocated to agreed priorities. Grant funded programme of new schools builds which is largely complete with All Saints Freshwater
Priority schools building programme	4,461,774	4,461,774	0	25,490,196	25,490,196	0	continuing in 22/23.

Disabled Facilities Grants	1,804,447	1,804,447	0	2,704,447	2,704,447	0	Annual programme of disabled facilities grants funded from the better care fund grant to enable people to remain independent in their own homes. Householders control appointment of contractors and timing of works (which continue to suffer delays due to material and contractors shortages) so some of the spend in 22/23 will be associated with approvals from 21/22. Similarly some approvals from 22/23 will not be completed until 23/24 so we have slipped £900k into 23/24 to cover these. The service is reporting an exceptionally high number of referrals this year along with increasing costs per application. Increases in costs are due both to the inflationary pressures on materials and construction and the complexity of referrals.
